

# TABLETS SCHOOLS

## **T4S Workshop:** **Discover 1:1 Tablets in Practice** *Experiences and advice for schools from schools*

**Hove Park School, Brighton - Friday 28th November 9:00am-3:30pm**

Tablets for Schools is an educational charity with a mission to champion the effective use of technology in schools. We are hosting a series of workshops to provide practical advice on how to get a 1:1 tablet scheme up and running in your school, focusing on these key areas:

- The vision for 1:1 and how it can impact your school
- Considerations for implementation
- Infrastructure requirements
- Teaching and learning with tablets in action

You will be given the opportunity to attend practical learning sessions with teachers and students, learning from their experiences and gaining essential information that can be used to engage your staff, parents and governors.

For the full agenda, click [here](#).

With special thanks to Samsung as headline supporters of these events, our workshops are free to school staff, available on a first come first served basis so register to book your place [here](#).

# SAMSUNG

We hope to see you there!

Best wishes,  
The Tablets for Schools Team.
